Ok. He's going to bring it to the Midtown office? I will make sure one of the assistants can meet him at the door so they won't have to park.

So Sorry! I tried to run to the ladies room really quick...lol

Actually both the report and CD are very much useful. You can have the report faxed to me at [REDACTED] Mr. Epstein can bring the cd the day of his exam. I have attached the new patient paperwork for completion.

Fantastic! Do you need a copy  
of his health insurance card?  
Are there any forms we can fill  
out prior to the appointment?
