Hi [REDACTED]
I'm just used to putting the alarm on each morning...
the alarm will shut off after 5 minutes but I won't be back until around 5:00
today Scott

go turn it off? It will not go off I don't think until the code is put in. I
called new Canaan alarm and they do not show the alarm going off so I don't think
police will be dispatched (?). This being said, you may need to check why the
central station is not getting the alarm notice? Do you still have a land line?
You will need to call them and figure out. I have Gloriana our housekeeper on the
way to [REDACTED] to see if she can help. I am in NY city today so can't help out.
