Dear Jeffrey,

Thank you for being a founding member of Priority Private Care.

It's been an incredible year since we opened the only private 24/7 medical facility in New York City. As we look ahead, we are constantly striving to make our service even better for our members. Not only have we expanded and updated our space within our facility, we also are now providing house-calls in New York & the Hamptons and plan to open additional locations in the city and country to provide even more coverage.

We wanted to let you know that your membership is up for renewal on September 6, 2017. Attached is your invoice for the coming year, which is payable by check (addressed to Priority Private Care) or credit card (follow the link below or call our offices).

[Renew Now](#)

Finally, with flu season around the corner, Priority Private Care provides complimentary vaccines for members beginning in September. If convenient, you can get your complimentary annual wellness consultation at the same time.

Please feel free to contact me with any questions.

Warm regards,
Kate
