Hi Dave...below is from Karyna...so it is fine for you to stay just know the apartments are not perfect ;)

Lesley, Jeffrey just said that it is ok for the pilots to stay in the apartments. Please, just let them know that these 2 apartments are slightly unfinished at the moment, and also there are some mirrors left on the floor waiting to be hang. I hope they can excuse that.
Also, I believe the apartments might need some vacuum and dusting.

Thank you!

Both Apartments are studio's codes are:

8A: 1008
11P: 1001

I will see if I can get someone over to vaccuum and dust but not sure I can make it happen! Lesley
