Insulin spikes are a helluva drug.

Oh course! I love lists.

Apple announces the new phones in a week, rumored to ship on the 22nd.

JEE was already talking about "upgrading everyone". I imagine that includes you, but he didn't get specific.

I'll have a summary of the new models emailed after the announcement. I assume we can build a list to order from that.

Thank you,

Ok, I will share this info on the Apple TV...I have asked if he would like you to pop over...await his reply.

Let's schedule 9/21...when you have down time on my computer, may I have you help with a few other things around here? Would it be ok for me to come up with a small list of other annoying IT things...that are probably super easy for a guy like you and ridiculously confusing to a gal like me?

I am thinking 4-5 cupcakes may have tasted good going down, but not so great an hour later! All that cleansing of no gluten! But you deserve it! (the cupcakes...not the upset tummy)

ABC, CBS, CW & NBC are all preloaded on the second row. Most of them offer the current episodes of shows the day after it airs live.

FOX doesn't have any meaningful free content -- requires cable account to validate against.

I'll be happy to walk them through it, if they prefer.

9/21 works for me.

I had 4 or 5 I think. The first pastry I've had in months.

Morning!

-I have a guest in apt 10B asking if he can view 'regular news'..like 'ABC, FOX, NBC"...I am thinking the answer is 'no'? We have a family staying in 10B from now until Oct. 19th (long term visitors) Yoni, the dad, is ill, and going through treatment here in NY...I am thinking the day you go see Nili (Fri. Sept. 9th at 10am) you go see Yoni afterwards to give him a little lesson...or help him locate

channels he may want. Do you think I could
tell him 11:30am you could go to him?

-We need to find a day for you to come out and see me in CT....might
Thursday Sept. 21 be ok for you?

-How many cupcakes did you actually eat?
