Yes, indeed - on the record. I defer any and all edits to you and Jeffrey's team. Nice piece! - Will it be in your signature Page 6 soon? BTW, If you would list me as a neurologist/neuroscientist I would be most appreciative (though I imagine there's a word/character limit)
Again, great talking with you - maybe we can get together at the Harvard Club next time I visit NYC and exchange some old Ivy Prep School stories from the '70s and Area stories from the 80s!

Cheers,
Mark

Just to be clear, we were talking on the record, right?
Jeffrey's flaks are worried you aren't media savvy. .
