P.S. - Richard Johnson just wrote to tell me that his editor decided not to run the piece - here's what Richard wrote:

"Sadly, my editor thinks too much has been written about Jeffrey, and is spiking the story. Or that's the reason I was given."

Hi JEE - Thanks for sending Richard Johnson my way - I trust the kind words I shared with him are acceptable to you? If not please let me know ASAP - I'm on the road -my cell is [REDACTED]

[REDACTED] If A-OK, then I hope you realize this recognition for all you do for so many of us is, in my opinion, overdue and well-deserved! Cheers, Mark

P.S.

Was just reading to today that newborns will suck on a pacifier more vigorously if it triggers playback of a recording of her/his mother's voice than another woman's voice. Have you read David Brooks's Social Animal? Was #1 at NYT books for quite a while
