Battery backup, yes.

Please purchase this:
<https://www.amazon.com/gp/aw/d/B01FWAZEIU/>

It's 11" x 5.5" x 4", with a right-angle (hugs the wall) plug. It can live on the floor or desk.

Optionally, you may want a second one for Ike's iMac. They're heavy, so you definitely want them shipped to you.

I'll install them so that when the power goes out for an extended time, it'll shut down the computer(s) to avoid damage.

So you know. The battery wears out after 18 months or so, so they'll need to be replaced.
I can show you how that's done.

10:04am departure is perfect....I will pick you up like we did last time at 11:15am. We should target getting you on the 3:26pm back to NY as the next train is not until 4:26pm ...ugh...being a spur off the beaten path means not as many choices. But I'd think you can get it all done by then. We need to leave my house 3:16pm so you easily make the 3:26pm.

We had sort of discussed my computer needing more back up due to the power

outages we get here? (we had one last night incredibly...but my computer started up totally fine today) I am not sure what you think on this...

The OS upgrade takes ~2 hours, I can do yours & Ike's machines concurrently. I would estimate 3-4 hours tops to account for unexpected issues.

I have figure drawing the night before, so the 10:04AM train is much preferred.

Yes, I should for sure be on the list for an upgrade...woo hoo!...

Thank you SO much for loving lists...I see there is a train from GC to New Canaan (you must switch trains in Stamford) departing 9:04am arrives 10:19 or a train departing 10:04am arriving 11:15am...I don't know how long you think you will need here? what do you think?

Oh course! I love lists.

Apple announces the new phones in a week, rumored to ship on the 22nd.

JEE was already talking about "upgrading everyone". I imagine that includes you, but he didn't get specific.

I'll have a summary of the new models emailed after the announcement. I assume we can build a list to order from that.

Ok, I will share this info on the Apple TV...I have asked if he would like you to pop over...await his reply.

Let's schedule 9/21...when you have down time on my computer, may I have you help with a few other things around here?
Would it be ok for me to come up with a small list of other annoying IT things...that are probably super easy for a guy like you and ridiculously confusing to a gal like me?

I am thinking 4-5 cupcakes may have tasted good going
down, but not so
great an hour later!
All that cleansing

you deserve it! (the
cupcakes...not the
upset tummy)

Morning!

-I have a guest in apt 10B asking if he can

Oct. 19th (long term visitors) Yoni, the dad,

NY...I am thinking the day you go see Nili
(Fri. Sept. 9th at 10am) you go see Yoni
afterwards to give him a little lesson...or help

him locate channels he may want. Do you think I could tell him 11:30am you could go to him?

-We need to find a day for you to come out and see me in CT....might Thursday Sept. 21 be ok for you?

-How many cupcakes did you actually eat?
