Subject: Jeffrey Epstein

Hello Sultan...just following up...Jeffrey requested you send us the one DNA sample for the person you wished to have a test done...once we receive, we will send to 23 and Me this one sample...

Please let me know when you do this so we can keep an eye out for it...we will register it ourselves once received...we have more kits in NY and will use one of them (since yours were all invalidated)

Thank you,

[REDACTED]
