Hello. Cesar goes with the exterminator to each apt. I can have him contact Merwin Wednesday morning around 1030 and they can do the Epstein Pats first. All

chemical they use are both pet and kid friendly. The occupants don't need to vacate. Let me know if you have any other questions.

Thanks, Andrew.

Good morning Andrew. Hope you had a super weekend. Can you please advise if occupants of the apartments need to vacate while the exterminator is there and if so for how long? Is it ok to leave pets in the apartment while the exterminator is there? Does he leave anything behind a pet could get into? These are questions we need to know as soon as possible. I need to tell our guests and the girls...thank you! Merwin, please advise who can meet with the exterminator on Wed. and go around with him to let him in each apartment. Thanks, Lesley
