Good morning Andrew. Hope you had a super weekend. Can you please advise if occupants of the apartments need to vacate while the exterminator is there and if so for how long? Is it ok to leave pets in the apartment while the exterminator is there? Does he leave anything behind a pet could get into? These are questions we need to know as soon as possible. I need to tell our guests and the girls...thank you! Merwin, please advise who can meet with the exterminator on Wed. and go around with him to let him in each apartment. Thanks, Lesley
