Hello...Jeffrey Epstein is hoping we could please set up a call with Wendell to discuss the possibility of him helping Jeffrey with architectural plans for his 2 islands he owns off of St. Thomas. I have left a couple of messages and emailed prior to this. Might we be able to coordinate a call at Wendell's earliest convenience?

If your company is simply too busy right now with projects please do let me know so I may pass this along to Jeffrey.

Thank you and look forward to hearing back from you.
