Hi [REDACTED]

Apologies for the delay in getting back to you ... we know your project represents a significant opportunity and, as such, wanted to give it serious consideration. Unfortunately, given our current commitments, we see no way we could take on a project of this magnitude in good conscience. Thus we would not want to take up any more of your time or Jeffrey's.

We appreciate even being considered for your project and wish you the best in your future efforts. If I can be of any further help, please let me know.

Kind regards,
Thomas
