Subject: Re: AV requirements for our meeting with Jeffrey

Good morning Austin,

We have an existing Stewart projector. Apple tv is hooked up to the receiver and definitely good wifi signal as we have an Eero system dedicated to just the 6th floor.

Please let me know if you need anything else otherwise, I will see you on Saturday.

Thanks

Hi Merwin,

Just verifying a few things regarding the AV setup for our meeting with Jeffrey.

What we need would be the following,

1. A projector or large TV with an HDMI input that can be setup in the room where we will be brainstorming.
2. If possible an AppleTV hooked up to the projector (if you don't have an AppleTV, just let me know - we have one we can bring and plug in)
3. Good WiFi

Thanks for you help with this.

Best,

Austin
