HI Merwin...Mark Tramo is concerned the gifts he ordered for JE from Amazon did not arrive correctly...below is a list of what he ordered...I realize it was last week you rec'd all this but could you try to determine if this is what Jeffrey actually received? I am going to send you another email from Mark with an attached PDF which lists what amazon says they shipped...

Hi Bebe and [REDACTED] - Thanks for your email -

Hmmm - That doesn't sound correct, and isn't what Amazon said it shipped. The Amazon box should have had the following (please don't divulge any surprises to Jeffrey in case there was an error and he hasn't gotten all of the these):

1. TWO Sony studio-headphone boxes (not six).
2. The 50th anniversary deluxe set (with CDs of the new stereo remix, new surround sound mix, original mono mix, and special session outtakes) of the Beatles' "Sgt Pepper's Lonely Hearts Club Band". The Sgt Pepper box includes those CDs plus a book and memorabilia/paraphernalia.
3. A CD player to play the CDs on.
4. A pack of AA batteries for the CD player.
5. A "Y adaptor" that allows two people to listen at the same time - each of the headphones has a male stereo jack that goes into the two female inputs of the Y splitter. The one male jack of the Y adaptor goes into the CD player.

Please advise.

Best,  
Mark

Hi Mark! I just spoke to the house manager at 71st street and he said that there were 6 headphones in a box. Is that what the shipment contained? If so, they have been received!
