Hi Lesley,

The name of the wireless network at the house is now 71st,  
password is still sarahsarah

This network existed on the 6th floor for the last several months,  
so JEE's devices should just join  
it automatically. Letting you  
know so visitors & such know  
what network to join.

(Your computer & printer are already on the new network.)

Hope you had a great weekend.

Thank you,
