Good afternoon [REDACTED]

The person in charge of the survey needs to go to the island to start working on Tuesday Dec 19th. His name is Ryan copied in this email.  
Please let us know if this works for Mr. Epstein., so they can start coordinating their arrival.

Best regards,

Lorena

Thank you Ryan for your response.

I am copying Lorena Villacorta from our office in this email, she will put you in touch with the owner's rep. so your trips to the islands can be coordinated.

Regarding which island you can start with, we would like you to start with the one that requires less work so you can deliver that one to us first and we can also start our work asap.

Any other questions or comments, please let me know.

Regards,  
Paola

Good afternoon Paola,

Thank you, we have received the deposit. I expect we start our initial survey work on Tuesday, December 19. Which island would you like us start first?

I understand you want to coordinate but please provide contact information for the boat captain and General Manager.

Sincerely,

Ryan C. Wischart, PLS

Thanks Ryan; does the attach dwg include topography and perimeter of buildings?

The pdf just shows shoreline of the Island and the proposed plat.

Attached is the most comprehensive information I have for Great St. James. Please recall our conversation yesterday that this is not up to date. The alignments and profiles were proposed but not used insofar as I am aware.

I'll get you the Little St.  
James information  
shortly.

Hello Ryan,  
Very nice speaking to  
you earlier.

As discussed, please send me as soon as you can the information  
you have on both Little  
St. James & Great St.  
James so we can prepare  
the scope we need from  
you.

Thank you,
