Subject: iPhone 5...

from G:

[REDACTED] the phone that we got for [REDACTED] is locked by AT&T. They said the owner of the account has to call and have the phone unlock. Just say you need the iPhone 5 unlock , otherwise we won't be able to put a line .
No need to be right now, when ever you have time

I assume this would be under Tourmaline account originally...I can call but not sure I will have all the proper information they will need...they may need your account number...
