Lesley,

The carrier was UPS and the date was 27\12\2017. However, they haven't furnished me a tracking number.... I will try to get this now.

Karen, our houseman says he has not seen the wine...I need to check with a few other people, but can you get me a few more details...mainly date of delivery and by what kind of shipper? Fed Ex? UPS? DHL? or maybe some big shipping company? thanks! Date is very important as then we can pinpoint who was here that day! thanks, Lesley

Dear Lesley,

Happy New Year to you! ☺

Did you guys receive the wine yet? The email below is from the vineyard in Italy who has checked with the shipper and the shipper confirms the package was left at the principal entrance to the property.

Looking forward to hearing from you.

Thanks,

Karen

Buongiorno Karen , lo spedizioniere dice di aver lasciato il pacco all'entrata principale , può lei contattare il sig. Epstein , se c'è qualcuno che ha ritirato la merce ?

Io sto aspettando ancora notizie più dettagliate.

Grazie

Daniela
