Text from [REDACTED]...I asked if she would be available between 5-6pm for a call as she had suggested...below is reply:

Hi Lesley, I'm still at work and running out of battery and no charger. I think I have to stay and work for another hour or so. I'm sorry about the inconvenience. My schedule is very intense these days. If we don't manage today my lunch break tomorrow would be great

I have asked her what time exactly is her lunch break but still await a reply
