Ha! Valdson had only just arrived from Paris a bit earlier than your arrival for
dinner so he probably didn't have time to shop yet! But he is no mirage! He is
there and has had plenty of time for shopping now! I'm sure you will be very
pleased and find it a nice break from reheated take out!! ��

did see Jeffrey's chef from Paris there on Sunday night. I thought it was a
mirage since he didn't cook for us. I guess we weren't good enough for him and
Jeffrey was saving it for Danny Kahneman. I guess you have to be a Nobel prize
winner in order to get the good chef. Otherwise, we get reheated takeout. I must
have a word with Jeffrey about this. It will be a treat to have Jeffrey's French
chef. He makes the best food. Have a good night and thank you.

would love to put in our Lady M request and if you could note it for future
reference, going forward, that would be wonderful. We like the checkerboard cake,
the vanilla crêpe cake and the red velvet. We do not like the coffee mocha cake.
Thank you for indulging me in this very detailed and psychotic cake request. I
know, I tend to be very thorough. Have a nice day.
