Please see below from Steve Marchese...this is the guy we purchased the LED light from (Dangene's recommendation)

Hi Lesley,

I'm here in NY and will be here thru the 9th. The only day I couldn't see Jeffrey would be the 7th because I am on QVC shopping channel that day. I'd only need 15 minutes to give him all the data on our LED Bed, the only one in FDA history to be effective enough to get approved by the FDA. I could even do it on the phone so as to make it more convenient for him. If you get him to take my call I'll send you any of our handheld devices for free. For wrinkles or the prevention of wrinkles, or for acne, or for various type of pain....your choice. Let me know what you think.

All the best,

Steve
