The alarm is still on Nili...I am not sure who else to call...I have tried all the cell numbers I have for you and Ehud...I had a number for a security person but it is old...I believe Leo was able to reach a security person and was told he will try to contact the person in charge of alarm...So sorry about this trouble!

Would it be possible for you to disarm the alarm Monday March 19th at 9am so the men can paint the ceiling?
