Subject: Dr. Watson

Dr. Watson wants to make sure you know you are invited to his 90th birthday party on April 6th...pianist Emanuel Ax will play and then everyone will go into a large tent for supper...he says he invited Barnaby Marsh as well...Dr. Watson would be very pleased if you could attend (he says he needs good hearted people and you are one of them) He is also celebrating his 50th wedding anniversary and says he is playing tennis again...

Please advise how I should respond to the invitation to Dr. Watson's 90th bday party on April 6th ... (you will be in Paris!)
