Hi [REDACTED]

How have you been? recovering from that last hurricane season. And another one ahead... I hope we'll have a rest this year my house doesn't have shutters yet as many enterprises are overbooked with building after Irma... I was wondering how things are going for GSJ and LSJ as I know you had big loss in terms of landscape and building. I'll be in tortola in august for a project and I might get to st Thomas also. maybe it could be a good time to catch up.

All the best,

Kevin.
