So sorry about Sunday evening. Just discussed with Peggy and she feels terribly. We've looked back through the correspondence and the request put into Colin's office was very clear.

Peggy just spoke with Colin's assistant Rhys and asked that he write you and Jeffrey an apology note.

Again, so sorry for the mixup!

Best,
Lila

Can I get the name of your friend so that we have him on the door list in case he loses or forgets to bring the passes?

Thank you for all of your help!

Hi Peggy and Lila,

Leave this with me. I'll arrange for an additional set of dinner and after party passes to be couriered up to you today.

Thanks,

Rhys

Dinner is not seated though there are three 24foot tables and high tops around the room. I'll work it out to get him in.

Colin...I need a hugh favor. I need two seats just for the Hogwarth dining room dinner.

It for a very important friend of mine that does a lot for me. He just wants to come see the spectacle. If the dinner is seated, he can sit with me. I wil take care of him.

I will not ask you for anything else.
