Subject: Re:

Jefferey, WATG the Landscaping team that we hired is flying to the island next week to meet with with me and the civil engineer. They are already working on the conceptual sketches and we've been working together since they were engaged.

Please understand that this is a process and we are moving as fast as we can.

Regarding the architecture I don't want to send confusing progress again. We are almost there with the updated concept for main house, master retreat and ladies. Once these work, everything else follows. I will try to send tonight or tomorrow the latest. It's working way better now but I want you to visualize it properly so we can discuss and correct as needed.
