write it up as 3 posts!

all good...Donald will make the adjustment ...he will be very fair...once you email to me I can request an updated quote for us

If you look at the photo of the mailbox structure on Oenoke you'll see that the posts are not at the ends of the structure, and therefore, extending one of the posts for the signage is not possible. We will need a third and separate post for the signage. Do you have any other suggestions....or can I go ahead and write this up as a third post as part of the proposal. It probably will cost a little more for this third post. The photo is in the above email as an attachment.

Nancy

Donald Perez does TONS of work for me...he is excellent and always quotes lower than others...I would feel very confident having him supply the work we are requesting...Please see attached quote for \$975.00. We would provide the mailboxes...
