The doorman was right not to let anyone, even the police or the "police" to go in. I am sure the alarm didn't go on.

There is the cameras around. When I return I will check with the security if they saw something on camera.

Now - Leo entered today to arrange the linen? Can I put on the alarm now?

I spoke with the doorman and he says the police showed up (he is guessing) around 11:30am yesterday...they asked if anything was wrong and the doorman told them and that you were not in the apartment ...the police and the doorman did NOT go upstairs...apparently the police came back a second time. Leo finished up around 11:15am..I emailed you at 11:22am to let you know...I asked if the doorman heard the alarm and he said no and that he received no complaints about an alarm going off. Very strange.

No. It surprises me as I had disarmed it yesterday night again in order not to forget this morning. I look at it now - it is disarmed still. I look at events - no events.

I don't understand.

It is disarmed!!!

Hi Nili!! I want to make sure the alarm has been turned off...Leo is apprehensive to go in until we make sure...from what we understand the alarm went off 2 times yesterday AFTER Leo left....the police were dispatched 2 times to the apartment complex...were you aware?
