Hello Anthony and Andrew...I have emailed several times and left a voice mail for
Andrew and yet to hear back re the below:

-when can the AC be fixed in apt 3M...we wanted it done June 7,8, 11 or
12...would like it completed by June 13 before occupant returns from
her travels. I need to schedule our man Leo at the same time...might
there be a time that is convenient for you?

-where are we with the window issue in 11J, Ehud's apartment...they will be away
for about a month so we have some time to fix/replace it..please let
me know. We will need to coordinate with Nili due to the alarm on
apt.

Look forward to hearing back quickly.

Thanks,
