Thank you Les I had told them when I was calling to use my personal card on file (I only went with JE once in the last two years when he told me to get a haircut wit him), otherwise it's al on my personal!!

Hi [REDACTED]...did you make an appt today at Fekkai for a cut at 12:30pm...The salon just called asking if it is to be charged to Jeffrey's account or if you are paying for it?

Jeffrey has requested everyone please ask permission first before making an appt..(ask me so I can get the approvial, then you can make the appt...)

Let me know if you are paying or if we need to ask Jeffrey...thanks.

Lesley
