Can you send to them? You have all of what they are asking for. I believe it must come from your email address.

Dear Client,

For safety reasons it is necessary to provide, in response to this email, some documents to confirm your purchase. This is a mechanism used in e-commerce to help prevent fraud and identity theft.

In order to confirm your purchase we need the following:

1. One photo of the front of the credit card used in the purchase (It is

enough to show only the last four digits and the name of the cardholder in the same photo; you can cover the rest of the card with a piece of paper if you feel safer).

2. One photo of the ID card, passport or driving license of the cardholder.

Please note that we only accept photographs, not scanned or PDF copies. You may use your camera or mobile phone to take the photographs.

Please send us the documentation within a maximum period of 6 hours from the date of receipt of this message. The transaction will be confirmed once we verify the correctness of the data.

For any questions, please do not hesitate to contact us.

Kind regards,
