to help a little with timing...I know Jeffrey is meeting with Tom Pritzker from 2-3:30pm tomorrow...I'll bet he goes to Teterboro after this meeting...but I'm sure he will let us know.

Here the email I sent to Eric this morn:

appears Jeffrey is planning to fly from Teterboro to Islip tomorrow to meet with Eric later on in the afternoon, my message to Eric Roth explains what is happening below:

Darren,

If all goes as planned

Tuesday afternoon:

G550 Plan D, LLC N212JE Teterboro to Islip, (JE on board).

Swap planes

Islip to Palm Beach Tuesday late afternoon, N120JE GIV

Jege, LLC (JE On Board).

The rest of August will be

Jege, LLC N120JE GIV while G550 is in interior shop in Islip for 5 weeks.

Hello Eric,

we've had a little trouble getting GIV back in service with our dual engine change and 72 month inspection at Westfield,

***If all goes well, today I will fly the GIV and drop it off in Islip later today, I will drive to Teterboro, then tomorrow afternoon Jeffrey will fly in G550 from Teterboro to Islip to meet you and select fabrics and have an input meeting, we will leave the G550 with you then depart in the GIV to Palm Beach later Tuesday night, I will keep you posted how things go today, I am in Westfield again for second test flight this afternoon

Take care

Larry
