Nicole!! We would love to have you and Holden with us...BUT, would it be possible to drive your car to PA and have Steve bring Ike's car up on Sat? Our cars are too small to hold all of us, luggage, equipment and Ty's 2 long sticks...we would be un-comfy (his long sticks literally divide the back seat in half). Ike says he would be happy to drive us all in your vehicle! We could drive to you on Sat. and leave Ike's car and key there for steve...think about it and let us know! :)

Any chance Holden & I can get a ride to PA with you guys? If not, no worries. Steve just doesn't want to have two cars in PA. He will be arriving on Sat afternoon.
