Hi Lesley,  
Hope all is well.

My internet is not working for the entire week, I think since I am back from PB. I didn't pay attention to it because I wasn't home during most of the days. I tried to turn the TV and the cable off and on and see if some of plug-ins loosened up but no success.  
The internet network 11B doesn't even come up in wifi search...  
Who I should contact with this issue?

Thank you

Best,
