Eric! We are in luck! The person currently in 8A just informed me he will leave tomorrow around 3pm (instead of Friday) which means I can have the apt turned around on Friday (instead of Monday when the maid is working) So YES to moving in on Sunday. However, are we just talking clothes and small things? For a "move" The apartment complex makes us reserve an elevator and you can only "move" into an apt on certain days/times. I assume she has the typical '21 year old' stuff? She does not need to bring furniture.
