Hi Jeffrey - How you doing? How is your back? I just had a patient get the spacers for his Lumbar Stenosis.

Are you available this Sun to touch base about that and your question, "Is music a language?"

Some news here re: Cedars and UCLA interest in me starting a "Theratainment Center" (do you like my term?) at their new huge California Rehabilitation Institute in Century City, fertile 140-bed ground for randomized-controlled clinical trials incorporated music and the arts.

Yours,  
Mark
