You need to upgrade to the biz seat. I would think they would just give it to you considering it was their equipment issue.?

Hi Lesley , just want to let you know that my plane took off and probably after 30 mins captain said that there is an issue on the plane. And we had to get back to Helsinki airport.

Now I'm waiting .but I'm panic because they gave me visa for 9 days and tomorrow it will expire. So I have to get back to nyc ASAP .

Bella please make sure my phone is working

I'm afraid of something will happen and I need to be in touch ,

Thank you very much
