Hi Lesley, since this is not directly related to book publicity, I suggest you get in touch with Peter's agent, Lars Schultz-Kossack, [REDACTED]  
My role with Peter is limited to requests related to promoting the books we publish.

Hello Jen. Hope you had a wonderful vacation. Jeffrey Epstein is still hoping to have a conversation with Peter. Might we be able to set up a call between them? Is Peter making calls yet?  
Look forward to hearing from you.

Hi Lesley, Peter is unable to speak with Mr. Epstein at this time. He has retreated to his forest and is not doing any interviews or calls for at least a few months. Best, Jen

Good morning Jen and thank you for your response.  
Mr. Epstein has the evolutionary dynamics institute at  
Harvard, and is funding plant work at the Media Lab  
MIT. . Mr Epstein would like to talk to Peter about  
funding some research or experiments of his. Once  
you are able to communicate with Peter please do pass  
along the word and lets see if we can set something  
up. Mr. Epstein will be in Paris next week so time  
zone would be agreeable!

Thanks, Lesley

Hi Lesley, Peter is just back in Germany and catching up on his farm, as  
well as expecting a new grandchild any  
day now. I am happy to pass on a  
message from Mr. Epstein requesting a  
call, but could you provide an  
introductory paragraph as to what Mr.  
Epstein would like to discuss? Peter may  
not be aware of who he is and it would  
help if he knows what the discussion will  
entail.

I'm not sure what his schedule is this week. He still has his  
autoresponder on as of today. Best, Jen

Epstein attended the symposium on Plant Intelligence last Thursday March 22. He is hoping he could set up a time to speak with Peter Wohlleben. Might it be possible? Jeffrey will be available tomorrow, Wed. March 28th, Thursday March 29th after 1pm or anytime this Friday March 30th...we can always look beyond this date as well if it is not good for Peter. Please do let me know.
