-I made Ty an appt with Dr. Montanaro for 12pm on Sat...can you take him? We should not be charged as the wire fell off about 15 minutes after we left his office. Ty cut it off. I am going to class in Greenwich with Ash on Sat. for 11am class.

-Erin showed up at their house this past Sat. crying hysterically and begging for their forgiveness...Braden is now a mess and so is Ash...such a disaster.
