I've already emailed our rep to confirm, but I'm sure we just need to specify which model when we order. We may end up having to have some of them delivered to us and reship them out.

Our rep is super sweet tho, I'm sure he'll work it out for us. I may need to translate & clarify for him.

Ok on final answer... and yes, interesting to about the overseas issue. There are a few going to Europe. Do you think it should be addressed with our rep? Or the recipient will be able to use? Maybe our rep send the order to someone in Europe to fill

Final answer. Yes.

Side question: How many of the recipients are in France?  
Are any outside of France and US?

This is my logistical mind at work, but the cell functions require purchasing watches specific for each country (and they don't work

outside their home country)... it's really a small thing tho, because the watch will use the iPhone's network first anyway.
