Thank you for your email, Amber -
Yes, LA - Thursdays and Fridays are best - Friday I'm available all day, Thursdays in the late morning or late afternoon/early evening.

Happy Thanksgiving to you and Robert!

Dear Dr. Tramo,
I'm the Associate Producer for *Closer To Truth/Breakthroughs*! We're very pleased you've agreed to be interviewed for the new series.

Although our filming won't take place until next year, we'd like to begin the logistical wrangling as soon as possible. Our filming will take place February through August of 2019, primarily in Los Angeles, New York, Boston, San Francisco and the United Kingdom.

I presume that Los Angeles would be the most convenient place for us to film your interview, so please let me know if this is not the case.

As for scheduling - are there any specific blocks of time that you are not available in the first half of next year? Or are there any times that work particularly well for you?

As we gather data points from each of our potential contributors, we'll be able to narrow down the dates for each shoot.

Thank you very much! We look forward to working with you.

Best regards,

Amber
