Hi [REDACTED]

I was under the impression that they had already erased and reset the Apple TV in 11J. Once that happens, the JEE Guest account will go away, they can sign in with whatever Apple ID they prefer.

To reset the Apple TV:

1. On the Apple TV find and open the Settings app
2. Scroll down to System and enter
3. Select Reset from the list here and enter
4. Choose Reset from the resulting menu and then Reset again on the confirmation.

It will take a couple minutes to erase and restart, but then they should be able to follow the short prompts to have the Apple TV setup under their Apple account.

Thank you,

I have a Netflix account.

I cannot enter it from the appletv in the Appatment as it wants me to sign to iTunes Store with the password for the Apple ID
