Give your company the gift of Davos.

Your attendance in Davos during the Annual Meeting from January 22-25, 2019, is the event to transform your business. With the right partnerships and new clients you can generate benefits that endure past this holiday season.

Let me share my Davos story with you.

For the past 4 years we have attended Davos conferences during the World Economic Forum's Annual Meeting. One of us, as the right hand for the Prime Minister of Kazakhstan. We have brought startups to Davos tech events, met partners and clients for our business and created friendships for life.

Thanks to the intimate setting of the panel discussions, cocktails and seated dinners, guests are able to engage with the most impressive and influential people in their industry.

We organize private events like Davos Dinners and Crypto Cocktails Reception and have various Davos Sponsorships opportunities for your company. We can also help you to attend Davos event as an individual - feel free to email back for more details.

**Tips from Mark Turrell for your Davos experience:**

- Be open to opportunity - a random conversation with fellow Davos attendees can change your life.
- Prepare your topic hooks - few keywords that define what you do and what you're looking for. Senior executives, founders and investors in Davos have busy, pre-planned schedules. Capture their attention by preparing a 30 seconds pitch. Exchange business cards and get them to say "email me" or "I'll get my PA to call you".
- People pay over 120K CHF to be a member of the WEF Davos Club. When you talk to WEF strategic partners or Congress attendees, do not "wax lyrical" about how you got to go to Davos.

Experiencing Davos is the gift of a lifetime and we would love to help you plan your stay.

Best,

Alexandra&Masha
