Pick up today is for Astrid. She needs to go to below address...her cell number is: [REDACTED]. I spoke to Astrid and she has your cell number. She says she will call you when she is out of customs...she has no luggage. Do try to call her if you don't hear from her. Text me once you contact her and let me know all is well when she is in car. I have asked Jeffrey if he prefers Bentley or Suburban..will get back to you.
