While in TX, We need to rent a car so we can drive to San Antonio on April 18th and on to Austin...but I am wondering if we might like to have a car the whole time we are there (?) I just looked on Coscto website and we could rent a car for the entire time (Feb 14-21) for \$410.00 or a car for just San Antonio and Austin (18-21) for \$273...I think we may like having our own car for \$137 extra? we may want to spend the night at [REDACTED] couldn't do that with [REDACTED] car...we would need Uber.
