kk is here. they played bb for 10 min...and now they are upstairs in game room playing video game...I guess that is ok...need to order that ping pong/billiard table! I was looking at them last night. Ty ate pasta and sat at the table with KK...they were talking about how KK's mom can be scary like you can be scary, but Ty said I was scary yesterday (I was very serious with him) KK said her dad is not scary...he is a 'bean pole' she said...
