Good day Rich

Can you forward the login information so Liston and I can switch the camera to the new WiFi network by the dock. We can have completed the task by tomorrow.

Regards

Good evening,

The Nest Cam was installed on a temporary PTP and wifi Link , however on Friday or Saturday I will be taking it off line to correctly installed them on the new network. I will notify you of such exact time when the changes will be made. Subsequently I will have to reprogrammed the camera over and then send you the new username, password and

code

Thanks in advance for your coporation
