Greetings,
Are new punchlist items to be added to the end of the list, regardless of the department, or placed within the appropriate sub-section.

(12) Ficus and (200) White fountain grass units were purchased along with the White Oleanders. They are not currently on the punch list. Should they be combined with the White Oleander item #137, added after as the new #138, or placed to the end as #167.
