Hi Daria. I am told the circuit breaker box is usually located outside the kitchen or in the hallway leading to the bedroom. Maybe you can flip the tripped switch for yourself.

Good morning! Hmmm, not sure. They should be working. ..perhaps a fuse has tripped. ... can you pick up the phone on the wall near the front door ..it will ring the doorman at the desk downstairs. Maybe he can send up a maintenance man. I will see if I can reach someone in our staff also.

Morning Lesley !

In the kitchen and living room (where is a tv) all the plug sockets doesn't work .
So I can't use WiFi , TV , Fridge , coffee machine etc .The rest is fine , all is working
